

CHAUTAUQUA PROGRAM INTERESTING

Embraces Number of Famous Lecturers, Speakers, Musicians.

THE FINEST EVER HELD

No Pains or Expense Has Been Spared to Give the People of Gainesville a Program Which Will Entertain and Instruct Them in Every Way.

The Florida Winter Bible Conference, which opens in this city on Sunday, the 11th inst., for the third year, will attract people from every section of the United States to Gainesville. While the program is one of the best ever seen in the South, the same may be said of the Gainesville Chautauqua, which follows the session of the Bible Conference and the Christian Workers' Institute, both of National reputation.

The Gainesville Chautauqua will begin its session in the big tabernacle, the largest in the State, on March 2d, and will continue for two weeks, concluding on the 18th. It will be an attraction worthy of patronage and Dr. Strouse predicts a great success.

The following program has been arranged for the Chautauqua, which embraces a number of the finest specialists in their respective professions in the United States:

Capt. Richmond Pearson Hobson, the "Hero of the Merrimac," whose heroic deed was one of the immortal acts of the Spanish-American War, a man who has high purpose in all his work and has a message worth hearing, full of sublime patriotism. American has few better orators.

Senator Jonathan P. Dolliver, a man of National reputation, acknowledged everywhere to be the most eloquent speaker of the United States Senate. It is difficult to secure the presence of such a man so busy with work, and the patrons of the Chautauqua should be rejoiced in the opportunity of hearing this splendid man.

Freston W. Search, a man with a burning mission. Lectures that are attractive and entertaining and, most of all, instructive. A man who has studied abroad, with special reference to literature, history, music and art. At least one of his lectures will be illustrated with stereopticon.

Alexander R. Tarr, a young man whose natural oratorical gifts have been developed by careful schooling and training. Has succeeded marvelously in his lyceum work. He has great ability and pleasing stage presence.

Dr. Samuel Phelps Leland, L. L. D., one of the well known lyceum celebrities. He has long been a platform star. His lectures are the outgrowth of a student's labors and have been a lasting benefit and interest to all.

Chas. W. Sullivan, a famous preacher of Ohio, a thoroughly self-made man, a graduate of the best schools, with special training in elocution, oratory and art. A most interesting speaker who illustrates his work with admirable crayon sketches.

Lee Francis Lybarger, a member of the Philadelphia bar, a man who has won renown by stirring political addresses, endowed by nature with those particular qualities which distinguish great orators. A wonderful voice, musical announcement, dictation of the purest English, delivery earnest and dramatic. He is at the head of his profession.

Rev. F. J. Stowe, Dean of the School of Oratory of the Cumberland University, Lebanon, Tenn. Lecturer and impersonator, an artist in every sense of the word, not only in his public readings, which include the best literature, but in his delightful lecture on "View of Life," which is illustrated by vivid delineations of character. He is in great demand and his coming will be a joy to all.

Edwin Cyclone Southern, for 30 years on the platform, and has appeared in every civilized country. He has great personal magnetism, stands alone in his marvelous breadth of survey, matchless and incomparable oratory, grim, cynical and mephistophelian humor and soul-stirring powers of description.

W. C. Frost, a newspaper man with nation-wide reputation. In loftiest eloquence and purest English he depicts in graphic style the marvelous career of "Napoleon," and lectures also on "Fancies and Love."

Otterbein Male Quartette, in the fifth year of platform work; one of the best ever organized. Their music will be a source of continual delight.

Lady Washington Quartette of Chi-

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

cago, an exceptional organization which has appeared with remarkably uniform success. Each member of the quartette a soloist, and a variety and charm of appropriate music will be added to the unequalled quartette work which they do.

Miss Marlea Bishop, a superb soloist who has had the best advantages in the great capitals of Europe and has studied under the best masters. Certain to please.

Miss Mary Florence Stevens, in delightful song recitals in costume: one of the most attractive singers before the public; renders the old ballads of England, Ireland and Scotland. The novelty and picturesque costumes give a unique charm to her work.

Miss Lilly E. Burke, reader, a true artist in her line, and shows by voice, expression and gesture her mastery of the most difficult roles.

Joseph, Necromancer, presenting evenings of music, magic and mystery. Joseph is an inventor in the field of magic. All others copy him. He is the cleverest man in his profession and all the paraphernalia and devices used in his performances are his own invention. He is also a violinist and renders the best lighter classics with a brilliancy, polish and artistic perfection rarely attained by violinists. Nothing better can be brought to any platform.

The American Vitagraph, with its moving pictures. The best machine for projection ever invented. It will be in the charge of an experienced operator. The pictures will be the newest and best which can be found on both hemispheres, and will include the illustrations of many famous stories which all have read with delight. The pictures are new and are selected with care from the largest factory in the world. Chautauqua patrons have never been offered anything more attractive than this delightful feature.

Afraid of Strong Medicines.

Many people suffer for years from rheumatic pains and prefer so rather than take the strong medicines usually given for rheumatism, not knowing that quick relief from pain may be had by simply applying Chamberlain's Pain Balm and without taking any medicine internally. For sale by all druggists.

Selecting Judges.

Dr. Franklin thought that judges ought to be appointed by lawyers, for, added the shrewd man, in Scotland, where this practice prevails, they always select the ablest member of the profession in order to get rid of him and share his practice among themselves.

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Help! Help! I'm Falling

THE NEWS FROM SANTA FE.

Closing of Public School—Cotton Acreage Reduced—Other Notes.

Santa Fe, Feb. 7.—The Santa Fe public school closed one of the most successful terms of its history on Friday, Feb. 2. The patrons and friends of the school turned out in picnic style and gave the teachers a rousing send-off. The patrons are well pleased with the advancement their children have made under the efficient management of Prof. J. R. Durrance as principal, ably assisted by Miss Georgia Martin. They show their appreciation for the work of these teachers by instructing the trustees, by a unanimous rising vote participated in by all the students, to secure their services for the next term, which is indeed complimentary to those two young teachers. After partaking of one of those bountiful dinners which the good ladies know so well how to prepare, the crowd reassembled in the house and listened to the recitations of the students and speeches by the patrons. Interesting discourses were delivered by Hon. T. A. Duke, member of the school board; Hon. W. M. Blitch, W. D. Holder, J. H. Cason, D. B. Pope, S. L. Crews and others. In conclusion Prof. Durrance delivered a touching speech to the students and to the parents, which was well received. The day was well spent, and will long be remembered by those that were present.

It seems now that the scarcity of farm labor will accomplish something after all that the farmers failed to their detriment to do in the past—cut down the acreage of cotton. Cotton at thirteen to sixteen cents per pound is not a fair price, considering the price of labor at this time, nor is it above the price of production.

Mrs. W. M. Blitch is visiting her daughter, Mrs. J. M. Rivers, of the University City, this week. She will also visit Mrs. J. J. Godwin of Rex before she returns home.

Grandpa Futch is visiting his sons, W. D. and R. J. Futch of High Springs this week.

W. W. Mott has rented and moved on the place known as the Irvin Holder place, which was recently purchased by a Valdosta company. He will plant a large area in corn and cotton. E. L. Blitch, Santa Fe's jolly postmaster, visited High Springs Sunday. What is the attraction, E. L.?

Prof. Durrance left Saturday for St. Augustine, near which place he will take charge of a school. Good teachers are always in demand.

Man Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of the prostate gland. This is both painful and dangerous and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 20 years, although I am now 61 years old." J. W. McCollum & Co.

The Ring.

"The ring of sincerity was in his voice when he told me of his love." "It should have been in his hand. A ring in the hand is worth two in the voice."—Houston Post.

Good For Evil.

Mrs. Gawker—The coal man left his bill; but John, he has given us short weight. Gawker: Well, I'll give him long wait. —New York Press.

Health

Means the ability to do a good day's work without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine and find it the best medicine for constipation and regulating the liver I ever used." 50 cents. Sold by W. M. Johnson.

He who murmurs against his condition does not understand it, but he who accepts of it in peace will soon learn to comprehend it.—Anon.

Thus cried the hair. And a kind neighbor came to the rescue with a bottle of Ayer's Hair Vigor. The hair was saved! In gratitude, it grew long and heavy, and a rich deep, rich color of early life. Druggists have sold it in all parts of the world for 60 years. —Lowell, Mass.

OLD SORES SAP THE VITALITY AND UNDERMINE THE HEALTH.

Old Sores that refuse to heal are a constant menace to health. They sap the vitality and undermine the constitution by draining the system of its very life fluids, and those afflicted with one of these ulcers grow despondent and almost desperate as one treatment after another fails. They patiently apply salves, washes, plasters, etc., but in spite of all these the sore refuses to heal and eats deeper into the surrounding flesh, destroying the tissues and growing to be a festering, inflamed and angry mass. The source of the trouble is in the blood. This vital fluid is filled with impurities and poisons which are constantly being discharged into the sore or ulcer, making it impossible for the place to heal. It will not do to depend on external applications for a cure, because they do not reach the real cause, and valuable time is lost experimenting with such treatment; the most they can do is keep the ulcer clean. Any sore that will not heal is dangerous, for the reason that it may have the deadly germs of Cancer behind it. A cure can be brought about only through a remedy that can change the quality of the blood, and this is what S. S. S. does. It goes to the very bottom of the trouble, drives out the poisons and germs with which it is filled, and purifies and builds up the entire circulation. By the use of S. S. S. the sore is supplied with new, rich blood which corrects the trouble, soon stops the discharge, and allows the place to heal naturally and permanently.

S.S.S. PURELY VEGETABLE. S. S. S. also reinvigorates the entire system, and where the constitution has been depleted or broken down it quickly builds it up and restores perfect health. Write for our special book on sores and ulcers, and any medical advice you are in need of; no charge for either. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

ABSTRACT & REALTY COMPANY

(Incorporated)

E. E. VOYLE, MGR.

Abstracts of Title and full information furnished regarding lands in this county. Our manager has lived in this county thirty years and is thoroughly conversant with land titles.
